DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 10/12/2012 has been entered.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 10/12/2012 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

Response to BPAI Decision - Affirmed in Part

According to MPEP Section 1214.06 [R-8], when the Examiner has been Sustained in Whole or in Part the Examiner must be very careful that case files that come back from the Board are not overlooked because every case, except applications

in which all claims stand rejected after the Board's decision, are up for action by the examiner in the event no court review has been sought.

The time for seeking review of a decision of the Board by the Court of Appeals for the Federal Circuit or the U.S. District Court for the District of Columbia is the same for both tribunals, that is, 2 months, or 2 months with the extension provided by 37 CFR 1.304 in the event a request for rehearing is timely filed before the Board, or as extended by the Director. See MPEP § 1216.

When the time for seeking court review (plus 2 weeks to allow for information as to the filing of an appeal or civil action, if any, to reach the examiner) has passed without such review being sought, **the examiner must take up the application for consideration.** The situations which can arise will involve one or more of the following circumstances:

II. CLAIMS STAND ALLOWED

The appellant is not required to file a reply. The examiner issues the application or ex parte reexamination certificate on the claims which stand allowed.

If the Board affirms a rejection of claim 1, claim 2 was objected to prior to appeal as being allowable except for its dependency from claim 1 and independent claim 3 is allowed, the examiner should cancel claims 1 and 2 and issue the application or ex parte reexamination certificate with claim 3 only.

If the Board affirms a rejection against independent claim 1, reverses all rejections against dependent claim 2 and claim 3 is allowed, after expiration of the period for further appeal, the examiner should either:

(A) Convert dependent claim 2 into independent form by examiner's amendment, cancel claim 1 in which the rejection was affirmed, and issue the application with claims 2 and 3; or

(B) Set a 1-month time limit in which appellant may rewrite dependent claim 2 in independent form. Extensions of time under 37 CFR 1.136(a) will not be permitted. If no timely reply is received, the examiner will cancel claims 1 and 2 and issue the application with allowed claim 3 only.

Examiner Sustained in Part - Requirement of Rewriting Dependent Claims (At Least One Allowed Claim) The Board of Patent Appeals and Interferences affirmed the rejection(s) against independent claim(s) [1], but reversed all rejections against claim(s) [2] dependent thereon. The independent claim(s) is/are cancelled by the examiner in accordance with MPEP § 1214.06. NO EXTENSIONS OF TIME UNDER 37 CFR 1.136(a) WILL BE GRANTED.

As stated above, since Applicant has not responded within the 2 months and 2 weeks after the BPAI decision has been rendered, the Examiner is permitted to convert independent claim 1 into dependent claim 38 and cancel claim 1. The Examiner further notes that all remaining claims (**that have been affirmed by the BPAI**) have been cancelled.

Prosecution is otherwise closed.

EXAMINER'S AMENDMENT

Please cancel claims 1-34 and 37.

Please apply the following changes to claim 38:

Claim 38: A set-top box, comprising:

A memory storing computer readable instructions that, when executed,
cause the set top box to:

receive a broadcast stream, a portion of the broadcast stream
having a first priority indicator;

receive media separate from the broadcast stream, the media
having a second priority indicator greater than the first priority indicator;

receive a signal configured to modify the first priority indicator from
a first priority to a second priority;

modify the first priority indicator from the first priority to the second
priority in response to receiving the signal;

determine whether the modified first priority indicator is greater than
the second priority indicator; and

replace the portion of the broadcast stream with the separate media in response to determining that the modified first priority indicator is lower than the second priority indicator; and

~~Claim 38: The set top box of claim 1, wherein the memory further includes instructions that, when executed, cause the set top box to:~~

determine that the first priority indicator is greater than the second priority indicator prior to receiving the signal; and

delaying the insertion of the separate media into the broadcast stream until the first priority indicator is modified.

Allowable Subject Matter

Claim 38 is allowed.

The following is an examiner's statement of reasons for allowance:

Referring to claim 38, the prior art of fails to anticipate or render obvious the claim limitations set forth in dependent claim 38, as stated BPAI in the decision rendered 5/1/2012.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
